Course Deposits are required to hold dates and are non-refundable/non-transferrable 30 days prior to the course start. Deposits paid are applied to your invoice at course end. 5 Days or More in Duration: \$3500; Less than 5 Days in Duration: \$1500. In certain cases, a Purchase Order can be accepted in lieu of the Course Deposit - please inquire.

*Standard Instructor Expenses apply for all courses, listed on the next page.

Standard Instructor Expenses/Reimbursements:

*Barring emergencies that require last-minute staffing, we can provide you with a travel estimate when we commit your course to running 30 days prior to the start date, upon request.

On All Courses:

If instructors fly in, they will require shuttle from and to the airport, and reasonable shuttle access to grocery stores or other amenities as needed. If a shuttle cannot be provided, a car rental or access to a sponsor vehicle will be necessary.

Acceptable lodging options include:

- Private lodging away from students
- Single-occupancy motel rooms, private rooms in hostels, and guest apartments
- Separate, private bedrooms for faculty are required; faculty are expected to share bathroom, kitchen and living space
- Camping is acceptable on 2-3 day courses *when the facility itself is limited to camping only*
- Lodging with a full kitchen option is preferred on courses longer than 4 days

Instructor Expense: Flat Rate Service Fees

Lodging, to be provided continuously from the night before the course starts through and including the night immediately following the course. Not acceptable are dormitories, floors, guest rooms, and couches.

Service Fee (optional, travel and meals fee):

- The most popular course lengths and associated fees are:
 - 2 days: \$1554.00
 - 3 days: \$1672.00
 - 5 days w/full kitchen: \$1618.00
 - 9 days w/full kitchen: \$1858.00
- Includes the potential for one airfare and one RT mileage expense, and meals for the course duration and travel days
- If your course is a duration different than the above, request a quote from our office.

- OR -

Instructor Expense: Itemized

Lodging, as stated above plus the following itemized (actual) expenses

Course Meals Per Instructor:

5 Days or More in length

Course days, with a full kitchen: \$30/day

Course days, with no kitchen: \$59/day

Courses 1-4 Days in length

Course days: \$59/day

Travel Per instructor:

- Travel Meals: \$29.50/day
- \$0.70/mile round-trip (subject to change based on current IRS rate) or \$750/airline travel cap.

Service Fees 2026

Purpose - to give a max travel estimate to sponsors for their budgeting needs.

- 1) This is a flat rate and is the maximum to be billed.
- 2) This will not be itemized.

Includes -

- 1) Travel for 2 faculty (max \$1200)
- 2) Course meals for courses 1-4 days in length: \$59/day per instructor
- 3) Course meals for courses greater than 4 days in length: course meals with full kitchen (\$30/day per instructor) or without full kitchen (\$59/day per instructor)
- 4) Travel day meals (\$29.50 per)

DOES NOT INCLUDE LODGING

- 1) Separate rooms required, shared bath and kitchen acceptable
- 2) Separate housing from students and hosts

Shorter courses 1-4 days in length, or longer courses without a full kitchen:

2-day - \$1554.00
3-day - \$1672.00
5-day - \$1908.00
9-day - \$2380.00

Courses longer than 4 days with full kitchen:

5-day - \$1618.00
9-day - \$1858.00

Course Cost - Estimation Worksheet

Estimate your retail price per student. Refer to your contract for tuition amount per student, minimum enrollment, and additional fees if they apply. Consider advertising costs, classroom space rental, or other administrative costs you incur and enter them into line 5.

Reduce your costs by:

- providing onsite lodging and 3 healthy, square meals per day
- provide a vehicle/shuttle for our faculty to and from airports and grocery stores, etc
- we seek to have instructors carpool and manage airport shuttles, to reduce mileage whenever possible
- we price airline tickets 30 days prior to your course, at the best price break, and often come in well under the \$750 travel cap per instructor
- capitalize on marketing opportunities to maximize your enrollment, in order to broaden your budget margins and gain free tuition spots (1st at 20 enrolled, 2nd at 29 enrolled).

1. Tuition per student \$ _____ x Minimum student enrollment _____	1	
2. Instructor lodging \$ _____ x Course days _____	2	
3. Travel and Meals Expenses:		
Service Fee:		
Or other contract amount \$ _____	3	
-OR-		-OR-
Course Meals \$59 x Course days _____ = _____		
Travel Meals \$29.50 x Travel days _____ = _____ + _____		
Mileage _____ x IRS Rate \$0.70 = _____ + _____		
Airfare \$750 = _____ + _____		
Car Rental _____ + _____		
TOTAL Travel _____ = _____	3	
4. Your administrative costs _____	4	
Subtotal: Add lines 1-4 and add subtotal here _____		
Subtotal \$ _____ / Minimum student enrollment _____ = Minimum Retail Price ->		

Required Classroom Space:

An ideal space includes the following criteria:

- Minimum 1200 sq ft of open space, with heat/air as indicated for the weather and location. Outdoor sheltered spaces during reasonable weather/seasons.
- Mounted writing surfaces (whiteboards, etc.)
- WiFi access and projector are preferred, but not required.
- Direct access from the classroom to outside scenario spaces (fields, wooded, etc.) and aquatic spaces as required by the course type.
- Sponsor must hold appropriate permits and insurances, and is responsible for any pertaining fees, for operating any portions of Landmark coursework on public or private lands.
