

NOLS Rescue Gear Checklist

We will try to be outdoors as much as possible, regardless of the weather. Please dress appropriately for the weather, and to be comfortable both in and outdoors at any time during your course.

Required: *(These items should be packed and ready to go for mock rescues throughout class times, and at any moment.)*

- Notebook and pencil or pen
- Watch with second hand or digital second
- Sunglasses and hat
- Water bottle
- Headlamp
- Light day pack
- Waterproof outerwear top and bottom
- Light hiking boots or sturdy shoes
- Clothing layers that allow you to be comfortable in a variety of weather conditions

Optional:

- Slippers or comfortable shoes for classroom time
- Camp chair (e.g., Crazy Creek) for classroom time
- Clipboard/hard surface to write on

In addition: If you participate in gear intensive activities (paddling, climbing, etc.) feel free to bring your gear / what you would normally have with you. The more you practice and learn to improvise with what you would actually have on hand, the better your patient care in an actual emergency.

If your course is located at Landmark Learning's downstream or upstream campus and you are lodging on campus, please bring the following:

- Food (no food provided, but kitchen facilities can be [read about here](#))
- Camping equipment or bedding for your spot in the bunkhouse
